ICH Strategic Planning Committee

Welcome to today's meeting; we will begin shortly. In the meantime, please review the reminders below.

WebEx Meeting Participation Reminders

- ❑ Please use only one source of audio – your computer's audio or by calling in with your phone. If you use both, you will get an echo.
- ❑ Your line will be muted via WebEx upon entry; please keep it on mute unless you are presenting or called on for a question or comment.
 - ✓ Note that if you are using your phone for audio, there will be two mute functions – WebEx and your phone. Both must be unmuted for participants to hear you. (We will unmute the WebEx line, but you must unmute your phone.)
- ❑ Please find the “Participants” list by clicking on the Participants button below. Locate your name in that list. If it appears as a number, right-click and rename it as yourself. Everyone is welcome to participate, but you must identify yourself.

Phased “Reopening” of CAHP

- ❖ Each system (families, single adults, youth) is in slightly different position.
 - Clients matched to a housing resource pre-COVID could continue, but extent to which they moved forward likely depended on a) where they were in the process and b) the creativity of their service provider.
 - New matches to PSH largely put on hold (esp in single adult system)
- ❖ Since March:
 - DCHA has created virtual processes for voucher issuance/briefing, inspections, etc.
 - ICH staff have worked with DMV and DOH to develop virtual processes for obtaining ID documents.
 - Early emphasis has been on matches to site-based projects.

- ❖ Significant challenges will include locating clients (especially in the single adult system), engaging clients virtually, assisting with paperwork completion, and assisting with housing search.

Discussion Questions

- ❖ What monitoring or protocols need to be in place to ensure clients don't get “stuck”?
 - Average Length of Stay will be ever more critical with more people accessing our system and fewer resources to help.
- ❖ How long should we allow case managers to work with clients remotely before triggering a different type of response?
- ❖ What will providers need to feel more comfortable increasing in-person services?
